Scoping Comment for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company STB Finance Docket No. 35087

Comment Form

06230.010908. PICKERT.PCTZ.60010.O.N.CF

How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at the public open house scoping meeting, or follow the directions on the reverse side of this sheet to mail your comments.
- **Recorded Comments:** Provide your comments to a member of the project team or court reporter at this public open house scoping meeting, or call the toll-free project information line: 1-800-347-0689.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, www.stb.dot.gov, under the heading "E-Filing."

Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

Barrington on 59 and 14 can not handle the add 20.3 Train traffic, it has been overloaded with 2 crossings in a short distance from each other, due to dense housing a over pass will create a major problem.
My biggest ~~concern~~ at Safety, Safety + Safety.
The Trains will be loaded with all kinds of chemical's + extra. going thru the middle of highly populated area like we have, will be way to dangerous for all of us. further more the ^{train} system is old and on total of 20.3 % more long trains frithens me for my health and the towns overal pollution by cars waiting and with the motors running will be just be much for all of us.
Don't forget we will have 2 Rail crossing from Canadian on 59 + 14 a littel up our regular railway on Cook st. been a mess with Traffic already I am very much against the Proposal

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.

Name: TERRO PICKERT

Address: 742 S GROVE AVE

City, State, Zip: BARRINGTON IL 60010

Date: Jan 8, 2008

YOUR INPUT IS IMPORTANT!

Comments provided by the public help determine the scope of the environmental review.
